

Spring Clean-Up Week Really 'Spruces Up' The Old Place

April Retirements Include James Dowell, William J. L. Rollins And Ernest W. Hart

There are three retirements scheduled in Y-12 for April . . . as James W. Dowell Sr., General Can Fabrication Shop; Ernest W. Hart, Buildings, Grounds and Maintenance Shops; and William J. L. Rollins, Area Five Maintenance, retire.

James W. Dowell Sr.

James W. Dowell is a native of Abingdon, Virginia. He farmed and operated a service station there in his early life. In 1940 he went to Bristol to work with the Bristol Aircraft Company. He also worked at the Fairchild Aircraft, Holston Ordnance, and Willow Run Bomber Plant, Ypsilanti, Michigan. He first came to Y-12 in 1944. After leaving here he went into the heating and plumbing business in Bristol. He came back to Y-12 January 3, 1949.

The Dowell home is at Route 2, Dogwood Lane, Powell. With an acre and half of land there the retiree plans to grow a "red-worm" farm. Recently shopmen gave him a birthday cake decorated with worms (candy ones, of course.)

He is married to the former Ciara Brown Council. They have a Y-12 son J. W. Dowell Jr., who lives at Kingston . . . another son William T. Dowell, Pensacola, Florida; daughters, Mrs. Sadie Cipoloni, Norris; Martha Council, at home; and Mary Council, Arlington, Virginia.

Ernest W. Hart

Ernest W. Hart was born at Hope Mills, North Carolina. He has done carpentry work most of his life, save a few years in the textile mills of North Carolina. He also came to Y-12 early in 1944, and later worked with J. A. Jones, Roane-Anderson and Maxon Construction Company.

He returned to Y-12 on July 28, 1950. The Hart home is at 103 Paine Lane.

For retirement, Hart plans to visit all of his children, which will occupy some time at least. There are eight sons: Landon, John D. and Marion, Oak Ridge; William C., Salisbury, North Carolina; James H., Durand, Michigan; Franklin T. and Joseph G., Thomasville, North Carolina; and Charles M., Columbus, Ohio. His two daughters Mrs. Lucille Russell and Barbara H. Knapp live in Michigan.

The retiring carpenter is married to the former Bessie McCaskill.

William Rollins

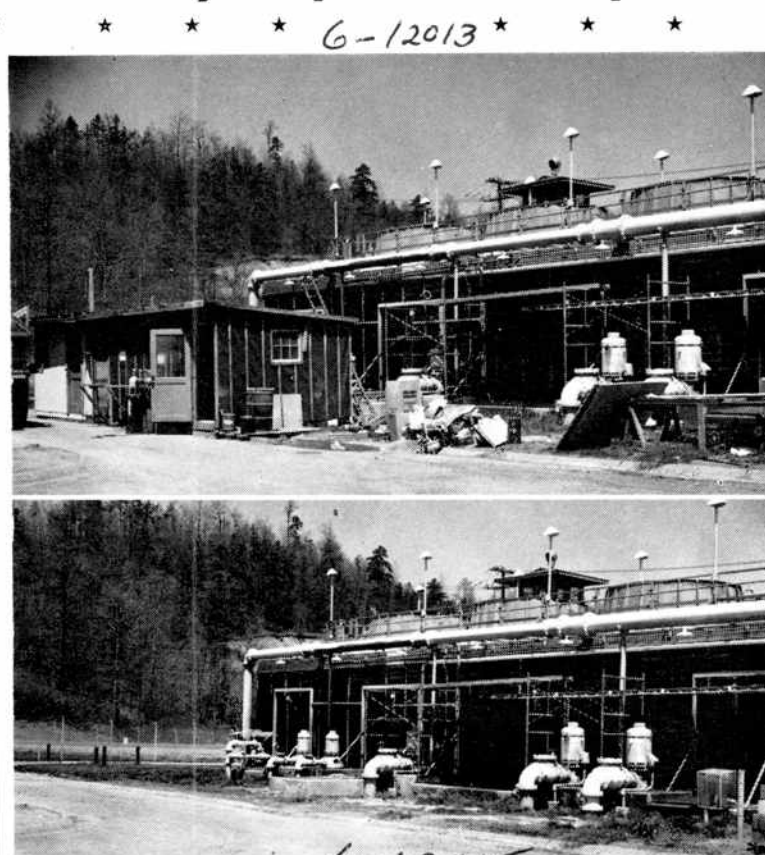

William J. L. Rollins is a native of Manchester, Tennessee. He also came to Y-12 in the early days of 1944. Prior to that he had been a machinist in various textile and woolen mills in Chattanooga and Rossville, Georgia.

After leaving Y-12 in 1947 he went with Roane Anderson.

A veteran of the U. S. Marine Corps (1917-19), Rollins also served a hitch in the Navy from 1919 until 1924.

He is married to the former Ethel O. Bruitt. They have a son, William H., Chillicothe, Illinois; and two daughters Mrs. Betty Jane Crawley, Bedford, Mass.

Continued on Page 4

THE COOLING TOWER, in Area Five, gives an excellent view of 'before and after' Spring Clean-Up Week, last week. Construction personnel cooperated in removing the shack and the area was spruced up considerably. Fire Protection reports this year's campaign one of the most successful ever held.

E. R. Bailey Rites At Oliver Springs

Y-12's Utilities was deeply saddened last week by the death of Mr. Ernest R. Bailey. He died Saturday, April 18, in Oliver Springs. He came to Y-12 in the early days of 1945.

E. R. Bailey

He is survived by his wife Mrs. Josie Lee Bailey; two children, Bennie Bailey, Oliver Springs, Mrs. Verda Honnicutt, stationed in Germany with her husband; brothers, Earl Bailey, Oliver Springs; Claude, Copper Hill; Burkett, Y-12's Safety Department; and Fred, Los Angeles, California; and sisters Mrs. Ruth Blue, Athens; and Mrs. Mable Bennett, Athens.

Funeral services were held Tuesday, at 2 p.m., April 21, at Sharp's Funeral Home, Oliver Springs. The Reverends Paul Queen and Milford Ely officiated. Burial followed in the Anderson Memorial Gardens.

Deepest sympathy is extended to the Bailey family.

FISSION AND FUSION

Atomic energy can be released from the nucleus of an atom in one of two ways: by 'fission' or by 'fusion.' Fission involves the splitting of an atomic nucleus. Fusion involves the uniting of two nuclei.

Union Carbide Sets Record For 1st Quarter

Union Carbide Corporation's sales for the first quarter of 1964 were \$417,455,000, setting a new first-quarter record. An increase of nine per cent over last year's sales during the same period of \$383,669,000 was announced last week by Birny Mason Jr., president.

Net income for the first quarter of this year was \$40,617,000, or \$1.35 a share, 17 per cent above the \$34,853,000, or \$1.16 a share, reported for the first quarter of 1963. Benefits from the new tax bill added approximately \$3,000,000, or 10 cents a share, to first-quarter earnings.

Noting that sales of chemicals and plastics, and all products serving steel markets were particularly strong, President Mason commented, "Assuming generally good business conditions for the remainder of the year, results for 1964 should show improvement over 1963."

SAFETY SCOREBOARD

Unneeded Trash Removed, Making A Cleaner Plant

"There's another truckload coming down the road," may be the theme of a vintage song . . . but it could also be Y-12's theme for last week. During Spring Clean-Up, tons of debris and scrap left the plant. As of last Wednesday, April 22, at least 60 loads of trash had already been removed. The Salvage Department reports that they are now two weeks behind . . . there are 90 to 100 more truck-loads above the routine schedule of rubbish.

In one of the most successful ever campaigns Y-12ers went all-out to spruce up the old place. The 20 subdivisions in the plant had inspections prior to the April 19-25 week, and one during to check on progress. The 250 inspectors, 115 captains and 20 marshals canvassed the entire plant. Potential fire hazards were located and erased.

During last week, more than 44 groups in the plant had seen the excellent French film "Help Prevent Fires," or more than 1,200 people. The effective movie (there's not a word of English in it) is still available for schedule for a few open periods. Just call extension 7-8495.

Dabbs Was Coordinator

P. C. Dabbs, Fire Prevention Department, coordinated the efforts between department heads and area marshals. He reported fine cooperation everywhere he went, with employee attitudes at their finest.

(Just to prove how effective the Y-12 campaign was, even the Bulletin office got a going over!)

Another excellent feature of the week was a projection slide program, together with a tape recording, which reviewed last October's fire prevention activities. More than 600 employees have heard this program. It is available through H. A. Price, extension 7-8384.

Awards Given

Yesterday, April 28, the 20 best inspectors gathered at the Fire Department to receive their fine awards for their efforts last week. This was another innovation in Spring Clean-Up activities.

Safety agendas throughout the plant for the entire month of April scored heavily on the Clean-Up theme.

"There was a definite increase in active participation by a greater number of people than in the past," coordinator Dabbs stated. "The effects were little less than spectacular. We never know how messy or dirty our area gets until we get some of the accumulated trash out of the way. Take the construction shack near 9212 for instance. Its need for being there was long past. It just came to our attention during the sprucing up. Construction personnel (sub-contractors) were most cooperative in helping to remove the unsightly mess."

Mountain of Trash

The monumental mountain of

ASTME Plans Tour Of Magnet Mills

The Knoxville-Oak Ridge Chapter of the American Society of Tool and Manufacturing Engineers is planning a tour of Magnet Mills, Clinton. The visit is scheduled for Thursday, May 7, at 7:30 p.m.

Magnet Mills, Inc., manufacture ladies' full fashion and seamless hosiery. This modern plant occupies approximately 160,000 square feet of floor space and is located on the banks of the Clinch River, near the Southern Railway in Clinton. The plant has operated continuously since 1905.

The tour will be both interesting and education and members and their guests are urged to attend.

Ride wanted (May 18-29 only) from Chapman Highway area, Knoxville, to West Portal, straight day. Carolyn Finger, plant phone 7-8848, home phone Knoxville 577-8192.

Ride wanted from Burlington section, Knoxville, to West Portal, straight day. C. J. Moody, plant phone 7521, home phone Knoxville 524-8324.

Ride wanted or will join car pool from 118 Amherst Lane, East Village, Oak Ridge, to North Portal, straight day. Erb Mowery, plant phone 7-8268, home phone Oak Ridge 483-9307.

Riders wanted from Oak Ridge Highway (Red Light at Karns) to any portal, straight day. E. J. Delaney, plant phone 7596, home phone Knoxville 588-1296.

Riders wanted from Harriman to West Portal, straight day. R. W. Curtis, plant phone 7-8465, home phone Harriman 882-2949.

Jewish Music Featured At Coffee Concert

There will be a program of Jewish music Sunday, May 3, at 8:15 p.m. in the Green Room of the Ridge Recreation Hall, Oak Ridge. The Oak Ridge Civic Music Association and the Ladies' Auxiliary of the Jewish Congregation are co-sponsoring the coffee concert, dedicated to Jewish Music Month.

The well known Marable Trio will be featured in three pieces... the B'all Shem in three parts and Three Nocturnes, by Ernest Bloch, and the beautiful Kol Nidre by Max Bruch. A violin solo from the works of Ben-Haim will also be featured, along

Women should have been born without a sense of humor... then they could just love men, and not laugh at them.

Humor, or not, in Y-12 vacations still head the big news items. Let's begin in

MAINTENANCE

Tommy, Douglas & Janet

Pictured above are the children of **W. H. Aiken**, Beta 4 Maintenance. Tommy and Douglas think their little sister, Janet Charlene is grand (Well, most of the time).

These "stay-home vacations are catching on lately and **R. D. Winkels**, **E. C. Gross**, **W. R. Grigsby**, and **A. L. Skaggs** are jumping on the band wagon... from Electrical.

R. E. Seivers did a little fishing and **W. D. Brock**, **E. E. Cook**, and **F. R. Hunt** plan to catch all the fish Ray left behind...

F. W. Atkinson plans a trek up up Pennsylvania and a visit with the home folks. **W. S. Caruthers** says Florida is his destination and hob nobbin is his aim.

R. J. Spurling will vacation at Ft. Benning, Georgia as a member of the Tennessee National Guard Rifle Team and participate in the Third Army Rifle Matches.

R. P. Rosenbaum says the only definite vacation plans he has is not to report for work.

Did you hear about the fellow who faced his troubles like a man? He blamed everything on his wife.

FABRICATION

Cynthia Ann Turner

The pretty little girl is Cynthia Ann Turner, daughter of Mr. and Mrs. Gerald L. Turner of Knoxville and granddaughter of **D. R. Albright**, General Machine Shop, Bldg. 9201-1.

Beta-4 Heavy Machine Shop reports **C. W. Watson** on two weeks vacation getting lawnmowers tuned up for the coming season... **E. V. Hawk** and **C. M. Rockholt** are soaking a few fishing

with music by Darius Milhand. Five Israeli country dances by Marc Lavry will be played also.

The Ladies' Auxiliary will serve home-baked pastries at the conclusion of the concert.

lines... so is **J. E. Gilstrap**... **L. P. Vines** has returned from a vacation in Alabama all tan and full of fish tales... **H. K. Hughes** and **J. L. Roberts** are vacationing somewhere somehow... also **E. A. Reed** and **J. C. Mullins** who didn't reveal any plans.

Rudy Payne took a week off to remodel his house.

W. R. Burrell has quit smoking cigars and started chewing bubble gum... **H. E. Cornell** has cooled his new car fever with a new Corvair. Ah! Spring Fever!

Folks in 9212 said goodbye last week to **W. S. Porter** who terminated to go to work (Soldiering) for Uncle Sam.

C. H. Dorr has played golf so much and dug up so many greens he has turned to horticulture. Anyone needing information concerning transplanting flowers, shrubs, grass, etc., should get in touch with him.

L. L. Bailey has returned to work after an extended illness. **H. H. Crass** lost his home in a fire last Friday at Oliver Springs.

D. B. Arnold was the frog that was croaking over the phone in Alpha-5 this week. His voice went bad on him when he came down with a cold.

'Yankee' Alexander

The young gentleman above is wearing the proper uniform for the season. His name is David Michael Alexander, son of **D. H. and Ruth Alexander** of Oak Ridge. Dad works in F Area, 9212.

The Ladd photo which ran in last week's Bulletin is the grandson of **W. T. Luffman**, F Area, 9212. The typesetter and proofreader got into an argument over anybody being named that... so it was changed to Huffman. The man's name is Luffman. Apologies, apologies.

L. A. Brooks and **Ben Rankin** are on vacations this week.

W. C. Hembree was married to Shirley Mae Pesterfield on April 5.

Sympathy is extended to **J. A. Myers**, 9201-5, on the passing of his mother.

H-2 Machine Shop reports that **Mr. and Mrs. M. G. Hatfield** are planning a trip to the World's Fair in early May.

Best wishes for a speedy recovery to **Mrs. J. H. Neeley, Jr.**, in the Oak Ridge Hospital.

ASSEMBLY

Assembly Operations reports that **C. R. Elliott** has just returned from vacation and from all indications it will be futile for anyone to go fishing in Norris

Mr. and Mrs. Robert L. McReynolds II

McREYNOLDS-PLUHAR

Of interest to many Y-12ers was the Saturday, April 11, wedding of Miss Penelope (Penny) Margaret Pluhar and Mrs. Robert L. McReynolds II. They were united in marriage at 11 a.m. at the Church of the Sacred Heart, with the Reverend Paul Clunan, Memphis, officiating.

The bride is the daughter of Mr. and Mrs. Edward A. Pluhar, 7416 Sheffield Drive, Knoxville. He is superintendent of Y-12's Materials and Services Division. Mrs. Pluhar is employed in ORNL's Technical Library in Y-12.

The groom is the son of Mr. and Mrs. John A. McReynolds, 22 Hillvale Circle, Knoxville.

The bride wore a gown of Chantilly lace and silk organza with motifs of lace studded with seed pearls. A crown of lace and seed pearls held her English illusion veil. Her bouquet was white orchids and stock.

Serving the bride were Miss Martha Terwey, maid of honor, and Misses Emily Martin and Carolyn Savage, Oak Ridge and Dustine Wischhusen. Miss Savage is in Y-12's Physical Testing Department.

Diane and Edward A. Pluhar II, niece and nephew of the bride, served as junior attendants.

The groom's best man was his father. Ushers were John Dean, David Brubaker, Moffitt Goodson, Baxter Lee, John A. McReynolds Jr., brother of the groom, and Kenneth Pluhar, Wood River, Illinois, brother of the bride, and Robert Withers.

The bride attended the University of Tennessee and is employed by Traveler's Insurance Company.

Mr. McReynolds also attended UT and is associated with the JFG Coffee Company.

Mr. and Mrs. Pluhar entertained the bridal party with a reception at Deane Hill Country Club, following the rites.

After a southern wedding trip, the couple is at home at 2337 Highland Avenue, Knoxville.

EGCR 1ST OF ITS KIND

The Experimental Gas-Cooled Reactor under construction at Oak Ridge is the nation's first civilian gas-cooled power reactor. It is designed to produce about 22,000 kilowatts of electric power.

ATTENDANT Caroline Savage is flanked by junior attendants Diane and Edward A. Pluhar II, at the recent McReynolds-Pluhar wedding. Caroline is in Y-12's Physical Testing Department. The children are the grandchildren of E. A. Pluhar. Their father, Kennie Pluhar, is a former Y-12er also.

for the big one because it did not get away.

C. A. Young is spending his vacation with his son who is home on leave from Military Service. They are planning to soak a few fishing lines and visit relatives.

Teenager: Not only has he broken my heart and wrecked my whole life, but he's messed up my plans for tonight.

MATERIALS AND SERVICES

Timekeeping reports **I. J. Shotts** on vacation fishing and **G. H. Kindred** vacationing at home in Rockwood and doing some fishing.

Stores reports **C. E. Beckham** on vacation fishing. Get well wishes to **H. A. Miller** in the Oak Ridge Hospital.

Plant Records reports **Dot Conner** on a trip to Chattanooga to attend the Eastern Star Grand Chapter.

One of the saddest facts in life is that three square meals a day will make a person round.

SHIFT SUPERINTENDENTS AND UTILITIES

The welcome mat is extended to **R. E. Schabot**.

Vacationers not revealing plans are **R. D. Freels**, **G. M. Martin** and **J. D. Barnette**... **J. C. Sims** is working around home

Heading for southern vacations were **J. F. May** to Florida and **C. A. Cox** to Georgia to visit his son... **R. W. Brothers** has just returned from a big Florida vacation.

The department was saddened

APOLOGIES TO THE BIG Foursquares. The Bulletin, last week, gave the first half pennant to the Pintwisters . . . when they didn't take it at all. Here are the winners of the first-half slot. They face the Cannon Balls this week for the E League championship. Seated is John Plaza . . . and standing from left are Norman Kuneman, Edwin Derryberry and Bob Horne.

Cannon Balls Face 4-Squares In E League Final Roll-Offs

The action in E League's bowling finished up its last half last week. The Cannon Balls cleared the hurdles by a good four points. They must now face the Foursquares (winners of the first half) and not the Pintwisters, as reported in last week's Bulletin.

The final week saw the Ten Pins take four from the Foursquares, the Alley Bees take three from the Cannon Balls, and the Pintwisters take three from the Pinquins.

F. C. Rosko, Pintwisters, captured high singles, rolling 202 scratch and 234 handicap. Van Effler, also from the Pintwisters, twisted series honors with a 558 and 672 total.

The Pintwisters wound themselves around team honors handily by taking all tops in the field, singles of 675 and 844 . . . and series of 1893 and 2400.

Final league standings:

| Team | W | L |
|--------------|----|----|
| Cannon Balls | 40 | 20 |
| Alley Bees | 36 | 24 |
| Ten Pins | 33 | 27 |
| Foursquares | 26 | 34 |
| Pintwisters | 24 | 36 |
| Pinquins | 21 | 39 |

A roll-off was set today for title championship in the E League between the Cannon Balls and the Foursquares.

Don Pitts Skeeters In Fourth Firings

Class AAA Takes Top Skeet Firings

Crack-rifleer Don Pitt led the Carbide Skeet League last week with a high, high 95 score. (Actually, they are not rifleers . . . they don't even use rifles.)

Red Wiest led in Class AA firings with his 90 and Newt Hamby followed in Class A with 81. This completes the fourth round of firings. A perfect score is 100.

Standings follow:

| CLASS AAA | |
|--------------------------|----|
| Don Pitt, Y-12 | 95 |
| Bill Brundage, ORNL | 93 |
| John Swartout, ORNL | 92 |
| Bill Davy, ORGDP | 84 |
| Jack Case, Y-12 | 83 |
| Bob Powers, Y-12 | 74 |
| Ken Bahler, ORGDP | 70 |
| Fred Welfare, Y-12 | 69 |
| CLASS AA | |
| M. C. (Red) McNabb, Y-12 | 90 |
| Carl Brewster, Y-12 | 81 |
| Derek Walton, ORNL | 81 |
| Charlie Asmanes, Y-12 | 79 |
| F. S. Patton, Y-12 | 71 |
| M. L. Bailey, Y-12 | 57 |
| Jack Steward, Y-12 | 55 |
| Joe Lewin, ORNL | 37 |
| CLASS A | |
| Newt Hamby, Y-12 | 81 |
| R. H. (Red) McNabb, Y-12 | 78 |
| R. A. Allstun, Y-12 | 71 |
| H. D. Willis, ORNL | 58 |
| Wally Davis, ORGDP | 38 |

*Denotes incomplete scores.

The next round will be fired Sunday, May 3.

Last Call Goes Out For Y-12 Tennismen

Y-12 netmen have until Friday, May 1 to enlist in Tennis play. After that the books are closed, and the battles start.

If any employee is interested in playing in the summer league, call Recreation, extension 7109.

Ghosts Cool Cool Cats In Mixed Tilt

The Ghosts mesmerized the Cool Cats long enough last week to take the crown in Y-12's Mixed Bowling League. The Nancy Garrison-Joyce Gillihan, C. C. Roberts-Charlie Gillihan combination proved fatal (by a close 33 pins) to the cold Cool Cats.

Taking the first game by 21 pins, the Ghosts dropped number two by 16 . . . then came back in number three to win by 28. Charlie Gillihan proved big man on the boards with a single high scratch game of 173, boasted to a 201 handicap total. His series of 569, and 585 were tops also. Irene Carmack, Cool Cats, topped women bowlers with a 164 scratch game and a 201 handicap game. Her 574 series was high also in female rollings.

Come see us next year!

Putt-Putt League Calls Men And Women Players

Couples wishing to participate in the miniature golf league for the summer should contact Recreation, extension 7109.

This year the play will be slightly different, as the competition will consist of a double of a man and a woman (which makes good sense, doesn't it?). Play gets underway shortly.

Physics Seminar Friday

The Oak Ridge National Laboratory's Physics Division lists its Friday seminar as follows. P. Swan, Rice University, will have as his subject "Method for Deducing Potentials from Phase Shifts."

The seminar is set for Friday, May 1, in the East Auditorium of ORNL's 4500 building.

Continued from Page 2
by the death of **E. R. Bailey**, D Shift. Deepest sympathy is extended to his family.

**MATERIALS & SERVICES
DIVISION**

Timekeeping reports **I. J. Shotts** on vacation fishing and **G. H. Kindred** vacationing at home in Rockwood and doing some fishing.

Stores reports **C. E. Beckham** on vacation fishing. Get well wishes to **H. A. Miller** in Oak Ridge Hospital.

Plant Records reports **Dot Conner** on a trip to Chattanooga to attend Eastern Star Grand Chapter.

We now have an entire generation that has gone from allowances to charge accounts to credit cards — without ever handling currency.

INDUSTRIAL RELATIONS

Vacationing on the lakeshores and land-sites hereabouts from the Fire and Guard Departments are **J. H. Shoemaker**, **R. L. Fain**, **M. L. Cooper**, **C. M. Bryant**, **S. V. Venable**, **O. D. Cloyd**, **A. J. Jeffers** and **H. L. Miller**.

Sympathy to **J. F. Bruce**, **W. E. Bruce** and **C. R. Wall**. These guards' mothers died recently. Best wishes to **F. L. Hammer**, off ill.

A student we know recently announced that he was still pursuing knowledge but was not gaining on it at all.

PRODUCT ENGINEERING

Numerical Control bids farewell to **Betty Rose**, who left to assume motherly duties. Betty and her husband Sam have adopted a pretty little daughter, **Laura Lee**. We hope to have a photo of Laura soon... Here's a switch. A rainy vacation brings a smile to **Floyd Hipshire**. Seems there was good reason... Floyd picked a rainy day to seed his lawn... **Don Stinnett** took a day off recently... **Lil Higgins** and **Helen Long** attended the Grand Chapter meeting of the Order of Eastern Star in Chattanooga.

DEVELOPMENT

Chemical Engineering Development Department sends congratulations to **Mr. and Mrs. Pete Rekemeyer** on the birth of a daughter, **Cynthia Jean**, born April 16 at the Oak Ridge Hospital. Little Cynthia weighed seven pounds and nine ounces. Mrs. Rekemeyer (Eleanor) worked in the Plant Laboratory. Metallurgical Development extends deepest sympathy to **Edward Luttrell** in the death of his mother Mrs. Mary Luttrell.

That's about it.

A LOAD OF JUNK leaves Y-12 during Spring Clean-Up Week. Here, next to 9201-1, was some accumulation from last week's activities that amounted to 17 truck-loads. A total of eight have already been carted away. The rest left shortly after the photo was made... and the spot looks as neat as a pin!

**Recreation Lists 19 Locations For Tickets
For Big Spring Dance, Set Friday May 15**

Two weeks from Friday is the day! Do you have your tickets yet? Naturally, it takes two... one for yourself and one for the little woman. Friday, May 15 is the selected date for Y-12's Big Spring Dance. It's set from 9 p.m. until 1 a.m. at the Oak Terrace Ballroom, Oak Ridge.

Bill Lawson and his smooth music makers are on hand for rhythm needed for the dance floor.

Advanced tickets are on sale now throughout the plant. You may obtain them from the following:

| | Building |
|--------------------|-----------|
| Doris Matthews | 9706-2 |
| Daisy Ward | 9995 |
| June Sherrill | 9206 |

Get the swing of things... get in on Y-12's salute to Spring. Mark Friday, May 15 on the old calendar now.

Happy dancing!

April Retirees

Continued from Page 1
chusetts and Mrs. Mary June Pierce, Birmingham, Alabama.

The Rollins home is at 104 Jay Lane, Oak Ridge.

All three retiring employees have more than the necessary 10 years company service to qualify for benefits under the Union Carbide Pension Plan and Hart and Dowell are enrolled in the Retirement Plan.

All three Y-12ers take with them the best wishes of their co-workers.

**Saturday's Golf Tilt
Cancelled Due To Crowd**

Due to the tremendous turn-out for tee-off times, Recreation was forced to cancel the Green Meadow Tournament for Saturday, April 25. The course could not possibly accommodate the number requesting to play.

The tournament has been re-set for Saturday, May 9, at Wallace Hills greens, Maryville. Tee-off times will be assigned in the Recreation Office, at 7:30 a.m. Thursday, May 7.

**Slo Pitch Softballers
Need One More Team**

There is an unlucky number of 13 teams set for the Slo Pitch season among Carbide employees. It's not that we are superstitious, but an even number of teams is desired. Recreation has extended the dead-line for registering up teams until Friday, May 1.

If you have a team you want to enter in the exciting plant competition, just call Recreation, extension 7109.

RADIATION SHIELDS

Radiation shields used in space vehicles and satellites are fabricated in Y-12.

Spring Clean-Up

Continued from Page 1
rubbish heaped near Alpha One got the camera's eye last week also. A total of eight loads had already been carted away when the cameraman stopped by. A total of 17 actual truck-loads of unneeded trash was piled into the stack!

Fire Prevention congratulates all those who actively participated in the campaign... also to Mr. and Miss Y-12er who co-operated fully, helping to make the plant a cleaner, safer place to work.

**Rounders Are
C League's
Top Bowlers**

The Rounders crowned themselves king-pins in the C League for Y-12 bowlers last week with their roll-off with the Lucky Strikes taking two games and total pins.

Roy Scates, of the losing team, was high man all the way, taking singles of 208 scratch, 224 handicap; and series of 590 scratch, 638 handicap.

The Rounders counted up pins as follows: singles: 921 scratch, 1015 handicap; series: 2642 scratch, 2924 handicap.

**Carbide Archery League
Sets Opening Shoot**

Come all ye merry Robin Hoods... the Carbide Archery League is forming. This year's play will be on an individual basis.

The shoots will be held at the Oak Ridge Sportsmen's Club next Monday afternoon at 5 p.m., May 4.

There will be a total of 12 matches in the three-plant competition. Five arrows will be fired in each relay with a total of 25 points. There will be makeup shoots set for emergencies and shift workers.

Just appear at the Club Monday and register with the Secretary.
